Joel,

This was an attempt to inventory the Tatooine property last summer. Some of these numbers are estimates as it is impossible to know exactly what is in the upper building without removing the boxes. Please let me know what questions, concerns you may have. Also, please let me know if there is anything I can do to assist.

67 Gaylord boxes – processed glass (crushed)

8 processed misc recyclables (remote controllers etc – looks like mostly plastic)

12 processed plastic removed from printers and bailed

793 gaylord boxes – CRT TV's, Monitors, or printers unprocessed (this is an estimate as there is no way of telling how many are for sure in the upper building)

30 gaylord boxes - TV tubes already removed and ready to crush

1 gaylord box – smoke detectors

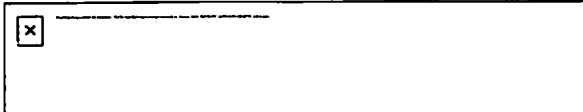

Misc computer boxes empties all over the main building (mostly plastic some metal)

8 Semi trailers full of CRTs

Hi again Britney,

I am just wondering if I could still get a copy of the Tatooine site inventory for our records. It would be greatly appreciated. Thanks in advance.
